

# 3SquaresVT for Retailers: Welcome

## Welcoming 3SquaresVT customers to your store

3SquaresVT provides Vermonters with over \$100 million to spend on food at authorized 3SquaresVT retail stores. You can increase your revenues by welcoming 3SquaresVT customers to your store.

- Treat 3SquaresVT customers like any other customer. Many seniors and people with disabilities receive 3SquaresVT in the form of cash (and in some cases a cash benefit on their EBT card). Therefore, you may not necessarily be able to identify your 3SquaresVT customers.
- Respect your customer's right to choose the kinds of food they want to buy. 3SquaresVT can be used to buy breads, cereals, fruits, vegetables, meats, dairy products, cold prepared foods, non-alcoholic beverages, snack foods, soft drinks, candy, and ice.
- You may encounter customers who receive cash benefits from other assistance programs on the same EBT card. They may use these benefits to purchase other items not covered by 3SquaresVT.
- Help make your customers feel more comfortable using the EBT card by posting a sign that says you gladly accept EBT.
